[mcHF QRP transceiver kit](#)

The choice of architecture is a direct conversion receiver and transmitter, with a small micro-controller to provide control and DSP functions. The analog blocks in this implementation were kept to the bare minimum.

[Amateur Radio: Narrowband communications in a broadband world](#)

My day job is focused on wider bandwidths and higher frequencies. Then I go home and play amateur radio which is a narrowband, low frequency activity.

[K0NR](#)

[D-star, DMR, Fusion, Which is right for you?](#)

Each of these modes has a place and my goal is to help you decide which one fits you the best.

[An Antenna in Every Pot I AO-40](#)

You start out shopping with the group for antenna parts at the local electronics surplus store as the entire plot of this segment was that spacecraft don't have to be expensive.

[FaradayRF](#)

[Keep in touch with the hams in your life and help prevent isolation](#)

The AARP reports that more than 8 million adults age 50 and older are affected by isolation.

[KB6NU](#)

[Exploring options for DIY waterproofing](#)

TL;DR — Don't use silicone to pot electronics.

[Hack A Day](#)

New digital mode puts beacon off air

The Barossa Valley beacon VK5RBV has been switched off to avoid interfering with stations running FT8.

[Southgate](#)

A CODAR advent

Over the last few days, I have been recording CODAR on 4463kHz to produce images of the ionosphere.

[EA4GPZ / M0HXM](#)

Yaesu FT-857: No TX audio fix

The symptom was that it was transmitting carrier on FM, but no audio was being transmitted. Embarrassing, and potentially expensive.
